

Who's Next

Eliminators

Sprint Completion: 6/6/23

Revisions: 6/4/23

Goal: Finish the remaining gameplay features missing from the app, eliminate common bugs, improve visual experience

User stories and tasks:

Sprint 3 User Stories

- “I am a user, I want to be able to view my target, so that I know who to eliminate.” [3]
 - Display the user information (picture, name, about, frequented location) on user home screen (5 hours)

Total Hours: 5

- “I am a user, I want to eliminate a player, so that I can gain elimination points” [5]
 - Eliminate button functionality that eliminates a player when pressed (6 hours)
 - Increment elimination points on database upon elimination event (1 hour)
 - Next targets immediately assigned after a single elimination (4 hours)
 - Accept/Deny popup upon elimination with cached UID of eliminator (3 hour)

Total Hours: 14

Sprint 4 User Stories

- “I am a user, and I want to be able to win a match, so that I can win the game.” [3]
 - Set game finished if upon elimination only one user remains (1 hour)
 - Display the correct end game screen (2 hours)
 - Display the last player alive and the player with the most points (3 hours)

Total Hours: 6

- “I am a user, I want to access the leaderboard, so that I can see who's in the match.” [4]
 - Display users on the leaderboard in order of their points. (3 hours)
 - Display players who are eliminated for that 'round' by graying out players (3 hours)

Total Hours: 6

- “I am a user, I want to save a picture of myself, so that the person who's eliminating me knows what I look like.” [5]
 - Upload files from user device to database (7 hours)
 - Map UID to profile picture on database (3 hours)
 - Display interface to pick which picture to have as profile picture (4 hours)

Total Hours: 11

Team roles:

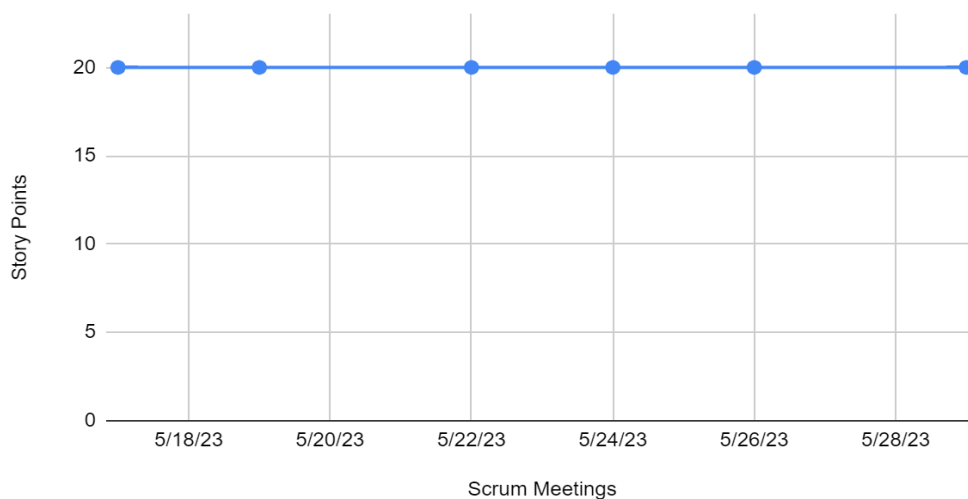

- Product Owner: Cash
- Scrum Master: Cash
- Team:
 - Harrison, Aaron, Marlene, Josh

Initial task assignment

- Profile Picture:
 - Marlene
- Leaderboard Updates and Target Info:
 - Harrison
- Deployment
 - Aaron
- Target elimination:
 - Cashton and Aaron
- Elimination page: display the whole user data(not just name)
 - Joshua and Cashton
- Fix the state of the user home page, Elimination notification logic, running match working fully, winning a match modal(winner of most killer and survivor), let only host the start the game
 - Joshua

Scrum times

- Monday and Friday: 1:00pm - 1:15pm
- Wednesday: 1:55pm - 2:10pm

Product backlog:

- “I am a colorblind user, and I want to be able to differentiate visual elements of the app, so that I can better perceive the interface.”
- “I am a user, and I want to be able to respawn on a timer, so that I can keep playing the game after being eliminated.” [2]
- “I am a user, I want to be able to name my match, so that I can have a personalized experience.” [3]
- Save last opened match
- Map of eliminations
- Video proof upload
- Viewing other user’s profile pages
- Host ability to settle elimination disputes
- send notification to a player when they’re eliminated
- Fix the firebase for MacOS & IOS
- Leaving a match
- Join game when already started
